Good Evening to one and all present here.

I heartily welcome you all on the behalf of Public School Kharod, for the prominent occasion of our school celebrating its 11th Annual Day. In our school, we don’t just focus on academics but we try to teach things which will help our student to be good citizens and good individuals too.

Every year, I find it to be my pleasure to address you all. I and whole of our dedicated teachers’ team appreciate the efforts put in by the parents along with their wards. glories of our school, undoubtedly, but also makes us think deeply about our shortcomings. We set standards and goals for ourselves and strive to achieve them.

Without taking too much of the time, I will be quickly sharing the achievements of the school, of the year 2018-19

School Houses & Clubs

“A champion is defined not by their wins but by how they can recover when they fall.”

The students of the school are divided into four different houses and various clubs to develop a child’s physical moral, social and mental skills to display their caliber and to hone skills in scholastic and co-scholastic

areas. Activities are held in which the students participate and display their caliber.

FIELD TRIPS, TOURS AND EXCURSIONS

An actual visit to a place of historical or cultural interest supplements our knowledge about it. Students are taken out of state for an on-the-spot study of the lifestyle of a state which is entirely different from their state. So a long trip to Kerela: God's Own Country was arranged for the classes of 6th to 12 Standard in 2018-19. We really enjoyed our trip to Kerala.

Nursery Activity

**“Children are like buds in the garden and should be carefully and lovingly nurtured, as they are the future of nation and citizen of tomorrow”. -
JawaharLal Nehru**

To prepare our children for the future, we need to provide them with the opportunities to develop the generic skills that are needed for them to become lifelong learners.

Every Year different activities are conducted in Pre- Primary section to develop their skills to acquire, construct and communicate knowledge. They should also be able to collaborate with others, be ready to listen and be creative in their thinking.

Playground

A new Playground was built at the rear side of the school for the Kindergarten students. The area is covered by new various slides to offer great motor and sensory learning opportunities for our little ones and provide them with a terrific amount of sensory stimulation. They develop body awareness, visual skills, balance, coordination and muscle tone.

A new computer lab has been set up with 20 computers, to be developed as a Language lab.

HINDI PAKHWADA

Hindi pakhwada is celebrated from 14th Sep to 28th Sep. every year to remember the historic importance of the Hindi as a National Language. The assembly is specially conducted in Hindi. Every year many co-curricular activities in hindi are conducted. Hindi pakhwada ends with swarachitkavitha by students and teachers.

Last but not the least:

Many milestones have been achieved and many still have to be reached. We at PSK will continue our unceasing efforts to mould the young minds into well balanced personalities with confidence and passion.

On this memorable occasion, I recount our success with pride and happiness, I wish to dedicate all our achievements to the committed effort of a committed team called Public SchoolKharod.

I am grateful to the trustees, Parents, dedicated teachers, hardworking non-teaching staff, and students for being with me for enabling me to translate my visions into reality.

Colin Powell has rightly said, “A Dream doesn’t become realty through Magic, It takes Sweat, Determination and Hard Work”

Thank you all and wish you all Merry Christmas and prosperous New Year ahead.
